I+ Intern+ PILOT

FROM POTENTIAL TO OPPORTUNITY.

The employability platform that measures what Egypt’s interns can do, explains it, and matches them with employers who need them.

Entrepreneurs Investment Program · Global Entrepreneurship Festival 2026 · Cairo

THE PROBLEM

EGYPT HAS THE GRADUATES. EMPLOYERS CAN'T TELL WHO IS READY.

4M

students at Egypt's universities and institutes, up from 2.3 million in 2014

13.2%

unemployment among young people aged 15 to 29 in 2025, twice the national rate

78%

of Egyptian employers surveyed struggle to find talent with the right skills

Sources: Ministry of Higher Education, October 2026 · CAPMAS 2025 labour force survey (national rate 6.3%) · Nexford University survey of Egyptian employers

WHO FEELS IT

THREE SIDES, ONE MISSING SIGNAL

Interns

Send dozens of CVs and hear nothing back. They don’t know what employers want or what to improve.

Employers

Screen hundreds of CVs that look alike. They rely on referrals, favours, university names and gut feel, then find skill gaps after day one.

Universities

Have no clear data on how job-ready their graduates are, or where their programmes fall short.

THE SOLUTION

ONE ASSESSMENT.
A SCORE THAT EXPLAINS ITSELF.
A SHORTLIST EMPLOYERS TRUST.

Intern+ measures four workplace skills plus real experience, tells each intern exactly where they stand and how to improve, and gives employers ranked candidates with the reason behind every match.

HOW IT WORKS

ONE LOOP, FROM SIGN-UP TO INTERVIEW

01

Quick start

Five questions, one minute: status, university, major and graduation year.

02

Assess

24 timed questions tailored to their level, field and skill set.

03

Learn

A score out of 100, what it means, free tips, and every answer explained.

04

Match

Employers see anonymous, ranked profiles and request intros. We confirm every one.

THE CORE: OUR ASSESSMENT

NOT A GENERIC TEST. BUILT FOR EACH INTERN AND EACH ROLE.

Tailored to the intern

Questions adapt to each intern's level, field and skill set, so every intern is tested on what is relevant to them.

Customised for each role

Each role sets the skills that matter most, and interns are ranked on exactly what that job needs.

Guided by subject-matter experts

Experts in each field shape the questions and guide interns at every step, from the test to the job.

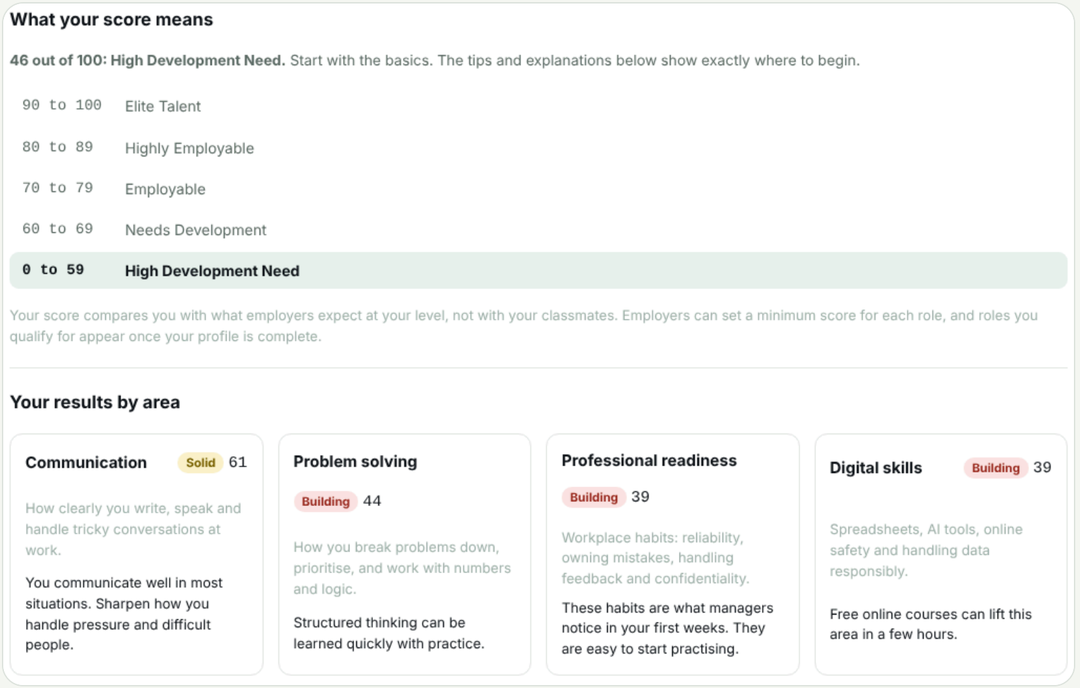

Improves every month

We refine the questions and scoring monthly, using feedback from interns, employers and interview results.

LIVE TODAY

A WORKING PRODUCT, NOT A PROTOTYPE

- A 24–question assessment tailored to each intern
- Scoring runs on the server, so no one can edit their own score
- Anonymous talent pool; contact details only after a confirmed intro
- Shortlists export to employers' hiring systems (ATS)
- Question-quality tracking to keep the test fair over time

The intern report: score bands and results by area. Sample data.

AFTER THE PILOT

MATCHING IS THE START. THE FULL PLATFORM COMES NEXT.

For interns

- Subject-matter experts guiding every step
- CV building and review
- One-to-one career coaching
- Mock interviews with feedback
- Workshops and skills bootcamps
- Personal career pathway from the skill-gap results
- Mentoring from professionals

For employers

- Hiring analytics dashboard
- Virtual career fairs
- In-person career fairs and talent events
- Performance insights on hires
- Direct links to their hiring systems (ATS)

For universities

- Employability dashboards by faculty
- Graduate outcome tracking
- Reports that support accreditation
- Direct connection to employers
- Extra: community-building activities
- Extra: student exchange programmes

Connecting it all: a training and upskilling marketplace with partners, and tracking every intern from student to internship to job.

WHY INTERN+

JOB BOARDS LIST PEOPLE. WE MEASURE THEM.

What employers and interns get	Job boards	University career centres	Intern+
Skills measured, not self-reported	No	Rarely	Yes
Feedback that teaches the intern	No	Sometimes	Every answer
Fair across levels and fields	No	One university	Yes
Ranked match with the reason	Keyword search	No	Yes
Anonymous until both sides agree	No	No	Yes

BUSINESS MODEL

EVERY SIDE OF THE MARKET PAYS

Free during the founding pilot to build the talent pool. Paid plans start after the pilot.

EMPLOYERS

Hiring plans

Subscription for talent-pool access and ranked shortlists, plus a fee per hire.

INTERNS

Assessment and matching

An affordable fee for the assessment, the explained report and access to matched roles.

UNIVERSITIES

Outcome dashboards

Annual licence to track graduates' employability by faculty and their career outcomes.

ADD-ON

Coaching and training

Paid coaching in each skill area. A waitlist in the report already measures demand.

WHERE WE ARE

BUILT IN WEEKS. PILOT NOW OPEN.

- Full platform live in October 2026, built by the founders with no outside developers
- Free founding pilot open to interns and employers in Egypt
- Assessment designed with 16+ years of HR and recruitment experience

PILOT TARGETS

250	interns complete the assessment
60%+	of starters finish it
2+	employers receive shortlists
5+	interviews from our shortlists

MARKET

START IN EGYPT. GROW ACROSS MENA.

4M

students at universities and institutes in 2026, up from 2.3 million in 2014

3.8M

in higher education in 2023/2024, an even split of men and women

131

universities in 2026, up from 55 in 2014

200K

international students from 119 countries already study in Egypt

Beachhead: Greater Cairo’s private and international universities and the employers that hire from them. Next: the rest of Egypt, then the Gulf and the countries Egypt’s international students come from.

ROADMAP

FROM FREE PILOT TO PAYING CUSTOMERS IN 12 MONTHS

NOV 2026 TO JAN 2027

Founding pilot

250 interns assessed, first employer shortlists and interviews.

FEB TO APR 2027

Paid plans launch

Paid plans for employers and interns; validate the test against interview outcomes.

MAY TO JUL 2027

University dashboards

First university partners; summer internship season at scale.

AUG TO OCT 2027

Coaching and growth

Launch paid coaching, Arabic version, first Gulf employers.

TEAM

MEET THE CO-FOUNDERS

F

Farah

CO-FOUNDER · TECHNOLOGY AND PRODUCT

- Founded BE., a modest fashion brand, in 2019 and ran it end to end
- Psychology graduate (AUC) with a diploma in Cognitive Behavioural Therapy
- Built and runs the Intern+ platform
- Works with startups as part of The Startup Kitchen

S

Sara Mohsen Akram

CO-FOUNDER · STRATEGY

- HR Manager with 16+ years in HR
- MBA, University of South Wales · SPHRi certified
- Ex: EGID, Travco Properties, SKY Group
- 2 years teaching senior students
- Sets the Intern+ strategy and direction

“I used to reject unprepared graduates. Now I’m fixing the reason they were unprepared.”

Sara Mohsen Akram, co-founder

EVERY INTERN DESERVES
TO BE SEEN FOR WHAT THEY
CAN DO.
